**RE: Monthly Reports August 1995 - Year End Report 1995**

**Dear Ms. Reynolds:**

**August Monthly 1995:**

**We have amended this report to correct the typing error on Schedule H2. Event T6 should have been reported as T7.**

**September Monthly 1995:**

**In response to the question concerning the 100% transfer for G8 and T8. In our phone conversation today I explained how we calculate the estimated transfer for administration cost and how I disclose the fundraising cost to these estimated transfers. In the future for the fundraising events that are 100% non-federal, I will disclose the fundraising costs on the final transfer that is made in the following month. This same question has come up for the October through December 1995 Monthly reports. Do you feel, we need to amend all these reports to disclosure the 100% fundraising event costs on the balance transferred. Please let me know.**

**October Monthly 1995:**

**We are amending this report. The original cover page was wrong.**
